

HEALTHCARE & APPRENTICESHIP

The American healthcare industry is critical to our country's well-being, and our economy. However, workforce challenges, including **talent shortages** and **increasing demand for services** has made it difficult to keep pace as the industry continues to make technological advancements.

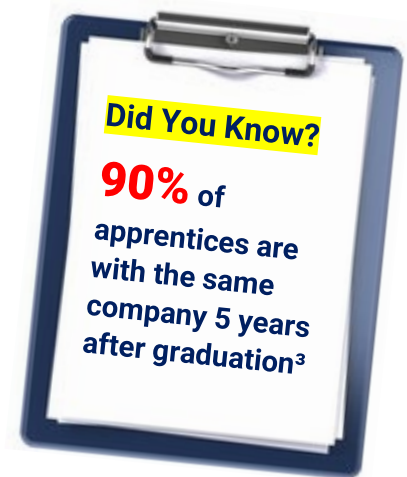

How Apprenticeship Can Help Your Company

Employment in healthcare occupations is projected to grow 15% through 2029, faster than all other occupations. **The good news?** Apprenticeship is a proven solution to meet your talent needs for recruiting, training, and retaining world-class healthcare talent¹

A few of the many Apprenticeable HealthCare Occupations include:

- Cyber Security First Responder
- Telehealth Navigator
- Community Health Technician
- Medical Coder
- Health Unit Coordinator
- Medical Transcriptionist
- Information Assurance Specialist
- Information Management
- IT Project Manager
- IT Generalist
